10 PAGES. Price Five Cents.

It is far better to have a man wonder why your ad is not in this month, than why it is.  
More belongs to advertising than an inch or two of black ink on a white background.  
If a man finds fault with your goods you may be pretty sure that he wants to buy.—Profitable Advertising.

## GREAT POWER PLANT FOR DEVIL'S GATE

Utah Light & Railway Company Makes Highly Important Move at Ogden.

## ENERGY REQUIRED FOR SALT LAKE ENTERPRISES

LARGEST PLANT IN ITS SYSTEM TO BE ERECTED IN WEBER CANYON.

(Special to The Herald.)

Ogden, Dec. 29.—Recent developments in this city lead to the belief that within a year the Utah Light & Railway company will establish another large power plant in this portion of the country. This plant, from what can be learned from unofficial sources, will be constructed in Weber canyon and will be known as the Devil's Gate plant. For some time past, purchases of constructional material have been made at both Browning Brothers and the G. A. Lowe company by persons said to be agents of the Utah Light & Railway company. An investigation, in this connection led to the discovery that recently a deal has been closed whereby the Utah Light & Railway company acquired the Devil's Gate site. Since that time they have pitched their tents there and it is expected that by the first of the year the work will be in full blast.

### Some Work Already Done.

About four years ago the rights of this site were secured by a man who acted as joint agent for the Utah Light & Railway company and the Utah Construction company, each of which held an equal interest in it. Since that time about \$25,000 has been expended on the project. The work up to the present time has been done by the Utah Construction company, but since the transfer of its interests it has removed its camp and the Utah Light & Railway company's outfit is now moving in.

### Will Be Company's Largest Plant.

Definite information concerning the details of the project cannot be obtained here. It is understood, however, that the Devil's Gate plant will be as large as any now controlled by the Utah Light & Railway company, and that the establishing of the new plant was made necessary on account of the great demand for electric power. At this time the city is supplied with power by the Utah Light & Railway company. It leases the Telluride and Bear river plants and owns two steam plants in Salt Lake, two water power plants in Cottonwood and one in Ogden.

### Commercial Agent E. W. Wade, of the Utah Light & Railway company, refused today to either confirm or deny the report, but did also officers of that company and the Utah Construction company. From other sources, however, it is given out as being true, and it is expected that the plant in Weber canyon will be rushed to completion as rapidly as possible, with the beginning of the new year.

## CHARITY IN NEW YORK.

Fifty Thousand Homeless Strangers in Daily Want.

New York, Dec. 29.—With every charity bed in the city occupied, lodging houses overcrowded, every saloon turned into a barracks, and an array of homeless men and women, the charity organizations in New York are today helplessly facing a situation which will reach its climax on the first of the new year. Although the managers of the relief organizations were long taxed with the problem it was not until after the informal conference of the various charity organizations yesterday that it became known that more than 50,000 homeless men and women were sleeping on benches and floors, wherever shelter is afforded.

While the tide of the unemployed which is flooding the city, the charity organizations are making vain attempts to care for those already here, and the charity organizations in New York are today helplessly facing a situation which will reach its climax on the first of the new year. Although the managers of the relief organizations were long taxed with the problem it was not until after the informal conference of the various charity organizations yesterday that it became known that more than 50,000 homeless men and women were sleeping on benches and floors, wherever shelter is afforded.

### SHOT DEAD FOR FIVE CENTS.

San Francisco, Dec. 29.—Arthur Samsman, a conductor of the United Railroads, was shot and killed today at the intersection of Twelfth and Folsom streets by Bonaventura Arleri, a passenger. Previously Arleri had tendered a transfer which Samsman had refused to honor. He then told a cash fare and began to argue the matter. Samsman slapped Arleri in the face and the latter drew a revolver and shot Samsman. A small sized riot followed, which was quelled by the police.

## NEW ORLEANS MERCHANT VICTIM OF STRANGE LIST OF CALAMITIES.

New Orleans, La., Dec. 29.—Almost unparalleled misfortunes have been heaped in the short space of one week upon William Adler, one of New Orleans' foremost bankers and a leading wholesale grocer of the south. The arrival of news today that Adler, a shipwrecked refugee at Belize, British Honduras, added another chapter to a record already long.

One week ago tonight Mr. Adler's resignation as president of the State National bank shook New Orleans financial circles. Since then the bank has announced that it must go out of business; Mr. Adler's wholesale grocery firm, one of the largest in the south, has gone into the hands of a receiver; a load of groceries consigned to Honduras, which Mr. Adler's friends claimed were one of his last hopes of recouping his fortune, has been lost by shipwreck,

## NEWLY SOLVE PROBLEM

Governor Sparks to Call Special Session of Legislature Today.

WILL MEET IN TWO WEEKS EFFECT OF MOVE BENEFICIAL IN GOLDFIELD.

Reino, Nev., Dec. 29.—A special session of the Nevada legislature will be called tomorrow by Governor John Sparks. The governor said tonight that he would issue the proclamation in the morning, and that the date of convening will be in about two weeks.

The call will be made at the request of President Roosevelt, who has notified Nevada's governor that such action must be taken on the troops now stationed at Goldfield. Notification of the decision to assemble the legislature has been transmitted, Sparks says, to Washington.

### Looks Better in Goldfield.

Goldfield, Nev., Dec. 29.—The announcement made here today that Governor Sparks has telegraphed word to President Roosevelt that he will call the Nevada legislature together in special session as soon as possible, has put an entirely new aspect upon the labor situation here. At least a portion of the federal troops will, it is thought, remain in Goldfield for an indefinite period, and all fear of any serious disturbance growing out of the dispute has vanished. It is not at all certain that the legislature will act in accordance with the wishes of Governor Sparks, but the calling of the special session will have the effect of keeping federal troops in Goldfield for several weeks and will make the possibility of serious trouble more remote.

### Gov. Sparks Feels Public Pulse.

The governor has asked many prominent citizens of Nevada for an expression of opinion regarding the special session and has received only favorable replies.

The Esmeralda county grand jury has recommended the appointment of a board of arbitration to attempt a settlement of the strike. George Wingfield, prominent as a member of the Mine Owners' association, is one of the grand jury. The governor will give at least ten days' notice of the convening of the legislature and the call will be issued Monday or Tuesday.

### Resenthal Refuses to Quit.

Reino, Nev., Dec. 29.—County Commissioner Resenthal, Goldfield, asked for his resignation by Governor Sparks, has refused to vacate his office, and Sparks said tonight that he was working contrary to Sparks' interests.

## BILL TO HELP THE WEST

Congress to Enact Law to Suspend Requirement for Labor on Mining Claims.

Washington, Dec. 29.—Among the important bills which the house will consider shortly after the holiday adjournment is that suspending for the year 1907 the requirement that a claim on mining claims be done on mining claims in the course of being perfected in the states of Idaho, Montana, Nevada, Oregon, Utah, and Arizona. This bill came out of discussion in the senate Dec. 18, but before the house could take it up, the bill was withdrawn by Senator Carter. It was then reintroduced by Senator Duffell, and it was then passed by the house. The bill provides that the provisions of section 234 of the revised statutes shall be suspended for the year 1907 in the states named, so that no mining claim which has been regularized and recorded as required by the laws and mining regulations of the states named, shall be subject to forfeiture for failure to comply with the provisions of section 234 of the revised statutes. The bill also provides that the provisions of section 234 of the revised statutes shall be suspended for the year 1907 in the states named, so that no mining claim which has been regularized and recorded as required by the laws and mining regulations of the states named, shall be subject to forfeiture for failure to comply with the provisions of section 234 of the revised statutes.

### WHERE IS GENERAL COXEY?

Labor Leaders in New York City Will Appeal for Government Aid.

New York, Dec. 29.—Declaring that over 125,000 persons were out of work, the Central Federation of Labor at a meeting today voted to have its executive committee undertake immediately a plan for government relief and submit it at a meeting on Sunday. The Socialist delegates declared that the city's army of unemployed was three or four times as great as it usually was at this season. It was stated at the meeting that 25,000 skilled mechanics, 50,000 in miscellaneous trades and 50,000 unskilled laborers were out of work. One Socialist delegate declared that all warehouses should be thrown open and the poor people fed and clothed, and that the government should supply work for the idle.

### AFTER TWENTY-THREE YEARS.

Reino, Dec. 29.—James Murphy, 75 years of age and the oldest prisoner in the Nevada state penitentiary, is dead. Murphy served twenty-three years of a life sentence for killing his wife in a drunken rage in Virginia City. Repeated attempts to obtain a pardon for him were unsuccessful.

### The Alps lies on Grovers reef, nearly fifty miles from the port she was making for, Puerto Cortez, Honduras.

W. E. Lawrence has been appointed manager of the wholesale grocery firm of A. Adler & Co., with instructions to take the business on its feet if possible. Eastern creditors are heavily interested in the Adler firm.

## A BLUE SUNDAY IN NEW YORK.
